

TAKE BACK YOUR POWER!

Refuse the "Smart" Meter

Ignorance Can Be Destructive:

Be aware that "Smart" utility meters (gas, water, electric) that continuously emit 'low-intensity' RF radiation, are DANGEROUS to your health. You can refuse them! Utilities operate under the principle of implied consent: If they don't hear from you, you are silently giving your agreement! Talk back!

The utilities do not have a right to install RF emitting devices on your property without your consent. They are in violation of your Constitutional right to health, safety, and privacy.

Here's How: Send a letter, via certified mail, to Alex C. Brown (Town Manager) P.O. Box 1188 Silver City, NM 88062, stating that you, (the occupant or property owner), do not want an AMR water meter installed on, and/or within ½ mile range (2,640 ft.), of your property or place of residence. KEEP YOUR CERT. MAIL RECEIPT

If you would like to be kept informed, and/or want to help stop Smart Meters from coming into Silver City, send your contact information (e-mail address and/or phone number) to the following e-mail: smartmeterfreesilvercity@gmail.com

12/28, the Town of Silver city will be installing "smart" AMR water meters on all residences and businesses. There was no Public Hearing on this matter, and all reports of serious health effects have been ignored. These meters emit radio-frequency radiation 24/7 and many other towns, counties, states and countries have either banned them or provided an opt out. Info: takebackyourpower.net
